7) Vehicle details

Standard Licence holders only

If you are removing all the vehicles from your licence you must be aware that from 4 December 2011 standard licence holders must be able to prove they have a formal arrangement for access at all times to at least one vehicle registered or in circulation in GB.

This could be by specifying a vehicle for use under an O-licence or by demonstrating on request that the licence holder has a vehicle available – so vehicles may be either wholly owned or held under a hire-purchase, hire/leasing arrangement or other type of formal arrangement.

Please give details of each vehicle that you want to delete from or add to the licence within the authorised limit. (Continue on a separate sheet if necessary)

Registration number of each vehicle to be deleted from the licence		Details of vehicle(s) to be added to the licence		
		Registration Number	Gross plated weight	Body type (see note 8a)

7a) Body type number: 1. Flat sided or skeletal 2. Box body or van 3. Tanker
4. Other type (e.g. cement mixer, livestock carrier)

If a tipper, put a T after the number. If refrigerated, put an R after the number. If articulated, indicate the most commonly used trailer and put an A after the number. If a vehicle falls into more than one class, give each letter that is relevant (e.g. an articulated, refrigerated box body is 2AR).

8) Declaration

I declare that the statements made in this application are true and that and that there have been no other changes that affect the licence.

I understand that it is an offence to make a false declaration.
